

Service Plumber Job Description

Sheet Metal Inc a locally owned business is looking for a **Service Plumber**. We specialize in full service mechanical solutions which include engineering, coordination, prefabrication assembly, construction, service and maintenance.

We are seeking an experienced and reliable **Service Plumber** to join our team. The successful candidate will be responsible for servicing, maintaining, and repairing plumbing systems. This position will be expected to work on a variety of projects including new construction, renovation, and repair work. The ideal candidate will have a strong understanding of plumbing codes and regulations, as well as experience with a wide range of plumbing systems.

Responsibilities

- Install, repair, and maintain plumbing systems.
- Identify and troubleshoot plumbing issues and recommend appropriate solutions.
- Collaborate with other trades and contractors on job sites to ensure smooth project completion.
- Ensure compliance with local plumbing codes and regulations.
- Perform regular maintenance and inspections of plumbing systems.
- Operate and maintain plumbing tools and equipment.
- Keep accurate records of work completed and materials used.
- Communicate effectively with clients and project managers regarding job progress and completion timelines.

Qualifications

- Minimum of 5+ years of hands-on experience in commercial plumbing or equivalent.
- High school diploma or equivalent
- Possession of a valid Alaska driver's license & satisfactory driver record
- Ability to travel as needed.
- Ability to work flexible hours, including weekends, night and overtime when necessary.
- A pre-employment background investigation and drug test may be required.

Knowledge, Skills & Proficiencies:

- Completion of a Plumbing Apprenticeship Program and appropriate state license (current Journeyman or Masters License)
- Knowledge of plumbing codes and regulations
- Read and interpret blueprints and drawings to determine the layout and placement of plumbing systems.

- Operating knowledge of Microsoft office software and working proficiency with handheld computer (i.e. Smartphone, iPad)
- Professional demeanor, including ability to interface effectively with other technician, vendors, and clients.
- Interface effectively, ethically and professionally with all levels of staff: internal and external executives/managers, internal and external professionals, owners and their staff, line employees, subcontractors, vendors, etc.
- Communicate effectively in English (verbal and written)
- Uses time effectively and efficiently; sets priorities.

Working Conditions and Physical Effort

- Requires physical work; lifting, pushing, or pulling required of objects up to 50 pounds.
- Physically able to stand, sit, move, squat, walk, and climb during the shift.
- Work may involve moderate exposure to unusual elements, such as extreme temperatures, dirt, dust, fumes, smoke, unpleasant odors, and/or loud noises.
- Must have the ability to handle stress to operate under deadlines.
- Must be able to grip tools.
- Must be able to stand, walk, bend, crawl, twist, bend, push, pull, carry, climb (stairs & ladders), etc.
- Able to withstand temperature extremes and exposure to elements (rain, snow, etc.).
- Able to withstand exposure to dust, fumes, heights, confined spaces.
- Possess skills related to balance, agility, eye-hand coordination, flexibility, depth perception, peripheral vision, and manual dexterity.
